A Valuable Partnership

SMALL BUSINESS CLIMATE

Concerns aplenty...

- Nine out of 10 small businesses concerned with possible double-dip recession
- Toughest problem facing small business is economic uncertainty

Yet...

- Nearly 80% of small businesses say they are prepared to weather another downturn
- Nearly half believe they will “hold their own” in 2012 and are poised for growth when economy turns around
- Despite the general gloom and doom about jobs, almost half of small businesses say they're planning to hire within the next six months, outpacing those that say they're not hiring

*Based on studies by Citibank and Pepperdine University
